

WHAT IS

ThermoFlex™ technology gives you everything you expect from premium quality vinyl, and even more. Our company, with 25 years of expertise in the matting business, manufactures this special environmentally friendly formula!

Now that you know, look for this symbol and insist on Mat Tech's ThermoFlex™ superior durability backing!

- **No mess!** Backing 100% impermeable to ensure optimal protection for your floors
- **No quality problem!** Perfect fibre adherence for a longer life
- **Less cracking!** Backing and borders are resistant to a wide range of temperatures and weather
- **Only premium vinyl!** With minimum fillers offers ease of handling and reduced transportation cost caused by excessive weight of second-quality vinyl
- **Extra-large dimensions!** The durability of the backing allows the permanent joining of two mats to create custom widths up to 12'
